1. ● I want the good.  
.....

2. ● You want something good?  
Then give something true.

3. ● Women, be temptresses!  
Be machines, cough ist up.

4. ● Marvel and think.

5. ● Thinking alone is criminal.

6. ● Gang up.

7. ● Filch ideas and give the best  
ones away.

8. ● Money is an object. Grab it and spend  
it lavishly.

9. ● Invest a third of your time in mutual  
exchange and enjoying the work of other  
women artists. Go on-line. Practice instant  
translation of thoughts and feelings into words.

10. ● Give your strategies away and  
be crack pistoleers, a menace to envy and ven-  
geance

11. ● Hijack the mainstream.

12. ● Interfere, take a stand and  
politicize.

13. ● Delight in power.

14. ● Work hard and enjoy it, even  
while asleep.

15. ● Exhaustion is hip. So is kissing.

16. ● Transgress. Indecision is silly.
